

taskScheduler.h

```
graph TD; A[taskScheduler.h] --> B[time.h]; A --> C[sys/time.h];
```

The diagram illustrates a header file dependency. At the top, a gray rectangular box labeled 'taskScheduler.h' has two blue arrows pointing downwards to two white rectangular boxes. The left box is labeled 'time.h' and the right box is labeled 'sys/time.h'. This indicates that 'taskScheduler.h' includes both 'time.h' and 'sys/time.h'.

time.h

sys/time.h
